System Requirements For MyChildren:

Expect a high-end experience for this one, even on lower-end rigs. For reference, it ran at around the 60 FPS mark at 1080p on our Core i7-6700K (4.8GHz, no hyperthreading), 32GB of RAM and Nvidia GTX 1080. If you have an older rig, we recommend you max out your budget on hardware. We also recommend you not consider this as a replacement for GTAV, as it is much more of a novelty and a nice experience than a proper game. We suspect that you'
